WORK EXPERIENCE

WILDERSPORT COMPLEX, SINT–PIETERS_LEEUW
Lifeguard
September 2011 – August 2016

RESTAURANT PERGOLA, PARIS
Chef de partie
September 2018 – August 2019
Responsible for training and maintaining a small team.
Working very organised and clean.
Preforming under considerable levels of stress.

WaterLeeuwen, sint–pieters_leeuw
Coach
September 2005– August 2015
the last few years I was responsible for organising and maintaining my own section of the swimming club, wich was about 75 students and 4 teachers. maintaining weekly schedules and programs. aswell as organising holidays and having regular meetings.

GOCA Vlaanderen, Brussels
Junior java developer
January 2021 – present.
I have been part of 2 major projects these past few months.
The first project was to create and automate a program for monitoring the data flow through the different systems and databases of the company.
The second project was to create and add new functionality to an existing project, consisting of Java EE, with Spring, and Front End using Angular.

A more complete history can be found on my personal website.
